

Roswell Independent School District

BOND REPORT 2009-2010

One of the goals of the Board of Education of the Roswell Independent School District (RISD) is to bring the district school buildings into the modern era. Passage of earlier bonds provided funding for a Master Plan to remodel and rebuild new schools. RISD has been very fortunate to have been approved and qualified to receive funding and project resources from the State's Public School Capital Outlay Commission (PSCOC). They are providing 72% of the matching funds needed to cover the total costs of these projects, as long as the district abides by state guidelines and the local citizens pass the necessary bonds to cover the remaining 28% of the cost. For a complete breakdown, please go to risd.k12.nm.us.

East Grand Plains Elementary

Total REMODEL project cost: \$7,458,212 with \$5,369,913 from PSCOC

Missouri Ave Elementary

Total REPLACEMENT project cost: \$14,148,862 with \$9,874,706 from PSCOC

Pecos Elementary

Total REMODEL project cost: \$8,827,712 with \$6,355,954 from PSCOC

Monterrey Elementary

Total REMODEL project cost: \$5,942,255 with \$4,278,424 from PSCOC

Sunset Elementary

Total REMODEL project cost: \$5,135,372 with \$2,545,510 from PSCOC

Goddard High School

Total project \$2,741,650 for science labs, Sports Complex
PSCOC did not help with cost on these projects

Roswell High School

Total project \$5,106,611 for science labs, HVAC, sewer line repairs
PSCOC did not help with cost on these projects

At the October 2010 board meeting the school board approved a school district general obligation bond election in August 2011. This bond will allow the school district to continue to remodel and replace the schools approved by PSCOC. Included in this bond election will be items for Roswell and Goddard High Schools along with major remodeling and/or replacement for the following schools. PSCOC has already awarded financing for planning and design for these four elementary schools.

Goddard High School

Finish off sports field, heating and cooling replacement, \$3,000,000; asbestos removal, cleaning the plenum, and replacement of ceiling, \$1,500,000 without help from PSCOC

Berrendo Elementary

Total cost of REMODEL: \$9,880,371 with \$7,113,867 from PSCOC

Military Heights Elementary

Total cost of REMODEL: \$7,411,839 with \$5,336,524 from PSCOC

El Capitan Elementary

Total cost of REPLACEMENT: \$16,969,694 with \$12,218,180 from PSCOC

Valley View Elementary

Total cost of REMODEL: \$7,987,243 with \$5,750,815 from PSCOC

Parkview Early Literacy Center

Total cost for new roof and Heating/Cooling: \$1,750,000 without help from PSCOC

Roswell High School

Total cost to build field house for Girls Athletics: \$300,000 without funding help from PSCOC

Passage of this bond WILL NOT raise property taxes.

THANK YOU FOR SUPPORTING OUR CHILDREN AND THEIR FUTURE.
