January 13, 2021

Dear Student/Parent or Guardian:

La Casa Family Health Centers continues our partnership with the Public Schools to offer students high quality dental care. While school looks very different right now, the goal of La Casa remains the same, and that is to ensure the health and well-being of the students and this includes ensuring that they have access to oral health care regardless of their ability to pay. Just as we do in the schools, we will offer our services at no cost to you. We will, however, bill your insurance.

As your teachers have found new and innovative ways to educate your child, we have found solutions to continue providing your family with dental care during this time. La Casa will provide these services to your student at our main location.

Please contact Asucena Morales @ 575 624-7207, and she will be happy to schedule your student for their oral health services.

Sincerely,

Seferino Montano, COO
