The Blue SchoolMessenger app by Intrado in the Play store. In the iOS store it is by Reliance Communications.
SchoolMessenger is a powerful way to stay connected to your school.

Manage Groups

This is where Teachers see their classes. The classes, enrollments, and student Contacts are updated nightly.

You have no groups.

Create a group here and share the group code with any guardians or contacts you would like to join. Once members have joined, you can then send them a message!

Teachers and Staff can also create their own additional groups, if desired, as shown on next few slides.

Try each of these buttons and you'll notice the names will change. Hopefully this will make more sense with a full class of contacts.

You can't fix your own info, but you can toggle your settings on each of these detail screens.
- Teacher errors go to HR for correction.
- Parent errors are corrected by school office.
